

Key Management Team @ Mindlogicx Infratec Limited

SURESH ELANGO VAN, Founder, CEO & Managing Director

Founder, CEO and Managing Director, Mr. Suresh Elangovan is the force behind MindLogicx Infratec Ltd. An Engineering Graduate from College of Engineering, Guindy, Chennai is a core technologist and an evangelist for usage of intelligent technology in higher education space. He believes in seeing India as knowledge superpower by 2020 by knowledge empowerment using technology as the enabler.

He has this mission at the core of his venture MindLogicx and has single handedly steered the company that has emerged as an R&D focused Technology Company in higher education space and has become one of the flagship IT Companies in India that provides end to end solutions for this sector.

The company has deployed a gamut of unique and pioneering product suites based on world's first integrated technology platform VEDAS architected by him. Some of his business ideas that have been commercialized include the conceptualization & development of the country's first tele-education delivery system using VSAT technology, Virtual Learning framework, Integrated Examination Management System (EMS) besides setting up India's first Hybrid Finishing School that empowers final year graduate students to become employable or "Job Ready".

A strategist & innovator, he has spent most part of his professional career spanning over two decades in structuring large projects for educational institutions. This rich gamut of experience coupled with thought leadership and hands on project management of many large IT projects with multiple stake holders has added to the company's domain expertise that aids custom built solutions for the industry now.

He has vast knowledge in business process and legal system and believes its practices are a key concern to technology based businesses such as negotiation and preparation of patent licenses, software licenses, IT development / Outsourcing agreements, network implementation agreements, co-development agreements, intellectual property transfers and research agreements.

An avid reader, a prolific writer, an inspirational speaker – he has put his multifaceted talents to champion the cause of technology and take technology to the common man. He has vastly written across trade journals, speaks at various industry forums and academic platforms on technology, business, leadership, self empowerment, and other motivational topics.

He draws inspirations from legendary visionaries like Dr. A P J Kalam, Narayan Murthy of Infosys for his own collaborative innovations and purposeful corporate social responsibilities initiatives. He is member of many industry bodies including NASSCOM, CII, etc and has is a Member of CII National Committee on Higher Education.

He can be reached at ceo@mindlogicx.com

EL CHITRA, Director & Chief Administrative Officer

EL Chitra holds an MBA degree in Human Resource and has been involved in the operational matters of the organization from the beginning. She handles the Administration and Human Resources with her unique style of taking things as and when they come. She also handles the

Corporate Social Responsibility wing of the company aptly named the Lantern which handles projects like Rural Knowledge Networking.
